Terms of Use

The terms of use for this study can be found at:
<http://www.icpsr.umich.edu/icpsrweb/ICPSR/studies/36532/terms>

Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR #36532
Midlife in the United States (MIDUS Refresher), 2011-2014
Dataset 1: Aggregate Data

1. **Sequential Record Identifier:** ICPSR created a unique sequential record identifier variable named **CASEID** for use with online analysis.
2. **Linking Variable:** The variable **MRID** is the linking variable for the two datasets in this collection.
3. **Documentation Discrepancy:** In some variables throughout the dataset when certain job questions are asked regarding time worked, it appears that the value 0 should be labeled, "Less than one hour a week" according to the MIDUS Refresher Phone Interview Data Collection Instrument. Examples include variables **RA1SM25B** and **RA1SM26B**. This has not yet been confirmed with the data producer.
4. **Additional Information:** For additional information on the MIDUS Refresher Project, please see the [MIDUS](#) Web site.

ICPSR 36532

Midlife in the United States (MIDUS Refresher), 2011-2014

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

Aggregate Data

MRID: MIDUS REFRESHER ID - PUBLIC USE

Based upon 3,577 valid cases out of 3,577 total cases.

- Mean: 35010.14
- Minimum: 30000.00
- Maximum: 39999.00
- Standard Deviation: 2871.08

Location: 1-5 (width: 5; decimal: 0)

Variable Type: numeric

SAMPLMAJ: Major sample identification

Value	Label	Unweighted Frequency	%
1	MAIN RDD	0	0.0 %
2	SIBLING	0	0.0 %
3	TWIN	0	0.0 %
4	CITY OVERSAMPLE	0	0.0 %
13	MILWAUKEE	0	0.0 %

RA1SA1: Rate health current

Using a scale from 0 to 10 where 0 means "the worst possible health" and 10 means "the best possible health," how would you rate your health these days?

Value	Label	Unweighted Frequency	%
0	WORST	2	0.1 %
1	-	10	0.3 %
2	-	18	0.5 %
3	-	60	1.7 %
4	-	93	2.6 %
5	-	203	5.7 %
6	-	234	6.5 %
7	-	586	16.4 %
8	-	808	22.6 %
9	-	455	12.7 %
10	BEST	135	3.8 %
	Missing Data		
-1	RESPONDENT DOES NOT HAVE SAQ DATA	967	27.0 %
98	REFUSED	6	0.2 %
	Total	3,577	100%

Based upon 2,604 valid cases out of 3,577 total cases.

- Mean: 7.31
- Median: 8.00
- Mode: 8.00
- Minimum: 0.00
- Maximum: 10.00
- Standard Deviation: 1.68

Location: 1295-1296 (width: 2; decimal: 0)

Variable Type: numeric

(Range of) Missing Values: -1 , 98

RA1SA2: Rate health 10 years ago

Looking back ten years ago, how would you rate your health at that time using the same 0 to 10 scale?

Value	Label	Unweighted Frequency	%
0	WORST	4	0.1 %
1	-	10	0.3 %
2	-	28	0.8 %
3	-	39	1.1 %
4	-	52	1.5 %
5	-	132	3.7 %
6	-	153	4.3 %
7	-	301	8.4 %

RA1SA26A: Vigorous job activity frequency (summer)

The next section asks about various "levels" of physical activity (vigorous, moderate, light) - while at your job, while at home, and during your leisure/free time. Please answer each question thinking first about summertime, and then about wintertime. (If the question does not apply to you, for example, because you do not have a paid job or are retired, please circle 6 for "Never.") Vigorous physical activity causes your heart to beat so rapidly that you can feel it in your chest and you perform the activity long enough to work up a good sweat and are breathing heavily. Examples include: competitive sports like running, vigorous swimming, or high intensity aerobics; digging in the garden, and lifting heavy objects. How often do you engage in vigorous physical activity - WHILE AT YOUR PAID JOB...DURING THE SUMMER?

Value	Label	Unweighted Frequency	%

RA1SA31: Waist around navel (inches)

The next questions are about body measurements. We have enclosed a tape measure to help you. It is yours to keep. The information will be more accurate if you follow these suggestions: Make measurements while standing. Avoid measuring over clothing (even thin clothing can add a 1/4 inch). Try to record answers to the nearest quarter (1/4) inch. What is your waist size--that is, how many inches around is your waist? Please measure at the level of your navel.

RA1SD19A: Emotional abuse - Mother

Below, and on the next page, are three lists of things that happen to some children. After each list, please indicate how often your parents, siblings, or anyone else did things like this to you. (If a question does not apply because there was no such person in your family when you were growing up, circle 'does not apply'. LIST A: Insulted you or swore at you; Sulked or refused to talk to you; Stomped out of the room; Did or said something to spite you; Threatened to hit you; Smashed or kicked something in anger. When you were growing up, how often did your mother, or the woman raised you, do any of the things on List A to you?)

Value	Label	Unweighted Frequency	%
1	OFTEN	148	4.1 %

RA1SF3: Rank standing in community on ladder

Think of this ladder as representing where people stand in their communities. People define community in different ways; please define it in whatever way is most meaningful to you. At the top of the ladder are the people who have the highest standing in their community. At the bottom are the people who have the lowest standing in their community. Where would you place yourself on this ladder? Please check the box next to the rung on the ladder where you think you stand at this time in your life, relative to other people in the community with which you most identify.

RA1SF5A: Choose goals - Focus or keep options open

The next few questions are about the way you decide what you want out of life and how you go about trying to achieve your goals. For each situation below, two different strategies are listed. Please indicate whether your own strategy is more like the one listed in column A OR the one listed in column B. When choosing my goals...A. I prefer to choose one or two important goals and really focus on achieving them, or B. I prefer not to limit myself--I keep my options open so I can take advantage of anything that comes up.

Value	Label	Unweighted Frequency	%

RA1SH11A: Respondent's wages last calendar year

The next several questions ask about the different sources of income you, your spouse and other family members in your household may have had over the last calendar year. You may need to consult your records to answer some of these questions. Please take the time to do that. Refer to the table below and fill in the letter that represents the correct range of income for each item listed. Think about the income you earned in the last calendar year from each source listed below. In the last calendar year, what was your income from - WAGES, SALARIES AND OTHER STIPENDS FROM ALL YOUR JOBS, INCLUDING SELF-EMPLOYMENT? DO NOT INCLUDE PENSIONS, INVESTMENTS, OR ANY OTHER FINANCIAL ASSISTANCE OR NON-WAGE INCOME.

RA1SM13: Who does more household chores

Running a household involves a lot of chores like cooking, shopping, laundry, cleaning, yard work, repairs, and paying bills. Couples vary in who does these things. The next question asks about how you split these chores. IF you have children, please do not count childrearing tasks such as bathing them, taking them places, or helping them with their homework, but do include chores like doing their laundry, washing their dishes, or cooking for them. Overall, do you do more of such chores, does your spouse or partner do more of them, or do you split them equally?

Value	Label	Unweighted Frequency	%
1	YOU DO A LOT MORE THAN YOUR SPOUSE	333	9.3 %
2	YOU DO SOMEWHAT MORE THAN YOUR SPOUSE	225	6.3 %
3	YOU DO A LITTLE MORE THAN YOUR SPOUSE	196	5.5 %
4	CHORES ARE SPLIT EQUALLY	492	13.8 %
